

Angela's Email to Jyoti

Published: Nov.12.2006 @ 12:19 pm

Dear Jyoti and Monalisa and everyone.

Namaskar teachers and children and parents. Love to you all from us here in Australia.

Today we have more good news. My real brother Peter has donated \$1000AUD to the Monalisa project. I am very grateful and hope you can now finish plastering four more rooms upstairs to complete that part of the building and also to finish painting those rooms. What is the next part of the project, Jyoti and how much do we need? I hope you have looked up the blog page and typed in the address on the world wide web.

You can read all about things on there and also add your own messages and updated information. I don't know how to do that but Wendy does and she can tell you how if you write to her.

Papa is away for one week doing some car detailing work in Hobart, Tasmania' s Capital city, three hours drive south from here.

We are planning to leave Australia on the 12 or 13th March to fly to Singapore then New Delhi. We might hire a 4 wheel drive with driver in Delhi and drive to Muzaffarpur. How many hours drive from there Jyoti do you know? or how many kilometers? maybe 3 or 4 days driving do you think?

We need some more photos of the children and the building with roof on Jyoti if you can. Also should now be showing the doors and windows in the upstairs.

How is your health Jyoti and Monalisa? We are quite well here.

Must go now as it is very late here. Love you all very much and pray for the completion of your home school very soon. God Bless you both and all the children living there. Love to Pinki. Is she a relation of Monalisa. Same name Sarkar?

Bye for now.
