

## Windows and Doors

Published: Oct.07.2006 @ 1:25 pm

Thanks to Sue MacAulay, Jyoti, Monalisa and the children now have secure windows and doors. The children were very frightened and it became the highest priority. Thankyou Sue. It is hoped that some of the inner walls can be plastered also. And after these essential things for safety and a little warmth indoors, we can work towards the beds and bedding for the children living upstairs.
