Hello and deep Namaskar to Maa and Pappa , Love and respect to all the sponsors and warm thanks.

I am making ready To send you photos soon. I don't have digital camera. Having a ordinary camera. Maa you are working hard for all of us. I became very happy to know that you are coming along with more 10 young women. Last 20th I received 10,000 (ten thousand) from you. Its a great pleasure to all of us. You got more 5 new sponsorships for children.

Anupa is 11 years. I conveyed the message regarding new friendship to Pinki, Babo, and they are ready to send paintings and letters. We are having enough water for gardening but on the roof, some flowers plants and herbs. I am having good people to suggest for completion of building. Prakash is not with us due to some problem from his mother side. But I am taking care of another boy. His name is Vishal. In childhood he used to live with Monalisa. Monalisa likes him. Infact he is not living with us right now because he became older. We have rules not to keep a boy in ladies ashram after the age of 10 years. But I am helping him all. He lives with his mother. He study well and good manners boy. I like him too. His mother is T.B. patient and they dont have own house. They live in a rented house, a small room. I only pay room rent and monthly expenditure. She also a good lady and taking care while our children are sick and when I go to Pundag.
